RAYNOR GARAGE DOORS

DuraGrille™

Rolling Security Grille Doors

Raynor DuraGrille security doors are an excellent solution for maximum security with great visual appeal for a wide variety of retail, commercial or industrial applications. Our grilles are available in both straight or brick pattern with a variety of materials and finishes for a contemporary look. They offer excellent air and light infiltration with an unobstructed view. DuraGrille doors are constructed for maximum durability. They are rugged, reliable and offer protection against theft and vandalism. Raynor's DuraGrille is an excellent choice with both function and design for most any interior or exterior environments.

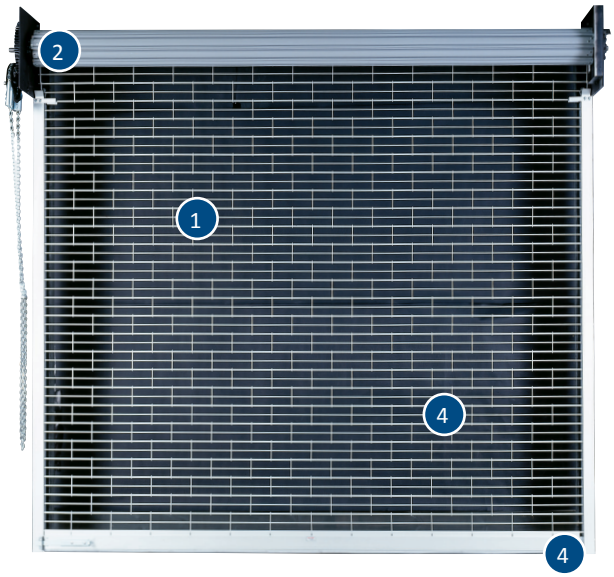
Security
This strong, light weight, aluminum door is a premium theft deterrent over the competition, providing reliable protection against theft, vandalism and break-ins.

Visibility
A wide open viewing area provides customer appeal while allowing visual access of separated spaces.

Aesthetics
With multiple configurations and a variety of aluminum finishes to choose from, DuraGrille provides the visual aesthetics that are demanded in many high traffic area applications.

DuraGrille™

RAYNOR GARAGE DOORS



1 **Grille**
Offered in a contemporary brick pattern (left) or traditional straight pattern, grilles are constructed of 5/16" mill-finished aluminum rods with 9" center-to-center interlocking links.

2 **Counterbalance System**
A torsion-spring-operated system, enclosed in a structural steel barrel, effectively counterbalances the security grille for a minimum of 15,000 cycles. Higher cycle torsion springs are also available.

3 **Aluminum Guides**
Extruded aluminum guides are lined with a replaceable wool pile strip to reduce wear and provide quiet operation.

4 **Bottom Bar**
An extruded aluminum bottom bar reinforces the curtain and provides smooth operation.

LIMITED WARRANTY: DuraGrille security grille doors carry a 1-year limited warranty. See your local Raynor Dealer for complete details.

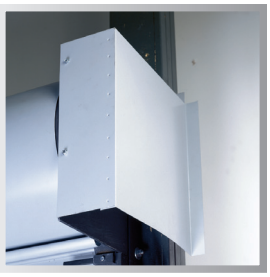
Model Options and Upgrades

Increased Security
6" center-to-center link spacing provides added protection.

Locks
Auto lock prevents the curtain from being forced open. Manually-operated grilles are provided with slide-bolt locks.

Anodized Finishes
Upgrade to a bronze or clear-anodized finish for a brighter appearance and increased durability.

Curtain Hood
Optional curtain hood has rolled edges and is formed from 24-gauge, hot-dipped galvanized steel, or aluminum.



Head Plate Cover
Head plate covers are offered for an attractive, finished appearance and help to protect your investment by keeping out dust and grime.
